Consent to Treatment Form

By signing below, I do hereby voluntarily consent to be treated with acupuncture by the board certified acupuncturist Yasmin Spencer, LAc, DAOM. I understand that acupuncturists practicing in the state of California are not primary care providers and that regular primary care by a licensed physician is an important choice that is strongly recommended by this clinic's practitioners.

I understand that acupuncture is performed by the insertion of needles through the skin or by the application of heat to the skin (or both) at certain points on or near the surface of the body in an attempt to treat bodily dysfunction or diseases, to modify or prevent pain perception, and to normalize the body's physiological functions. I am aware that certain adverse side effects may result. These could include, but are not limited to: local bruising, minor bleeding, fainting, pain or discomfort, and the possible aggravation of symptoms existing prior to acupuncture treatment.

I accept that no Guarantee is made concerning the results of my acupuncture treatment, and I have been informed that I may stop treatment at any time.

I understand that there may be other treatment alternatives, including treatment offered by a licensed physician.

RELEASE OF INFORMATION

I consent to the use and disclosure of my protected health information for treatment, payment and/or clinical operations. I understand that I have the right to revoke this consent, in writing, at any time. However, the revocation will not affect any disclosures made in reliance on my prior consent.

NOTICE OF PRIVACY PRACTICES AND PATIENTS RIGHTS

I acknowledge that I have received a copy of the Notice of Privacy Practices and Patient Rights and have had the opportunity to ask questions about it. All questions I have asked have been fully answered.

I have carefully read and understand all of the above information and am fully aware of what I am signing. I understand that I may ask my practitioner for a more detailed explanation. I give my permission and consent to treatment.
